

Gem Windows

Series 1000 and 3000

CUSTOM CRAFTED VINYL WINDOWS - - - DESIGNED TO LAST

Your home deserves the best. Vinyl windows are the buy of a lifetime. Our energy-efficient, custom crafted windows are virtually maintenance free. They will enhance the beauty and value of your home for a life time. Our rich selection of styles and color will allow you to add character and personality to your home.

Your best answer for superior performance? Vinyl. Made to order...made to fit...made to last

Enjoy These Important Advantages

- Vinyl is thermally efficient.
- Vinyl windows will increase the value of your home and save you money.
- Designed and manufactured to last a lifetime.
- Uniform color throughout.
- Distinctive styles allow you to be creative.
- Intelligent homeowners are replacing their old, worn out, drafty, unsightly, energy losing windows with new attractive, custom designed, maintenance free vinyl windows. Shouldn't you?

Color Options

- Standard White
- Optional Beige
- Optional Grids

Glass Options

- Clear glass
- Low "E" glass
- Low "E" with Argon
- Obscure Glass
- Self Cleaning (Radiance) glass

1000 Double Hung Series

- 1 Thermally Efficient:** Quality extruded multi-chambered frame and sash design retards the flow of heat and cold, ensuring thermal efficiency.
- 2 Dependable:** Sash balances make opening and closing effortless, and hold the sashes open in any position.
- 3 Convenience:** Integral vinyl pull handle for controlled ventilation and simple operation of both large and small units.
- 4 Security:** Cam action of sweeplock provides security and a weather tight seal.
- 5 Design:** Double weather-stripped interlocking sash provides maximum thermal efficiency due to positive sash alignment
- 6 Screens:** All windows have full screens
- 7 Maintenance-Free:** Sashes tilt in for easy cleaning from the inside. A wipe with a damp cloth keeps the vinyl looking new forever.

- 8 Ventilation:** Easy to operate sash balances allows the bottom sash to be raised to a fixed position for ventilation.
- 9 Insulation:** Sealed insulated glass provides the energy saving that saves you money.

Fusion Welded Sash and Frame

- Strength:** Fusion welding transforms the sash and frame members into one continuous vinyl extrusion.
- Efficient:** Fusion welding eliminates gaps. No air leaks. No water leaks. No wasted money.
- Weather-Resistant:** The application of exterior dual durometer glazing beads lock out air and water.
- Comfortable:** Maximum thermal efficiency provides year-around comfort.

3000 Casement Series

- 1 Thermally Efficient:** Quality extruded multi-chambered frame and sash design retards the flow of heat and cold, ensuring thermal efficiency.
- 2 Convenience:** Integral vinyl pull handle for controlled ventilation and simple operation of both large and small units.
- 3 Multi Point Locking System:** Gives you added security.
- 4 Security:** Cam action of the lock provides security and a weather tight seal.
- 5 Design:** Double weather-stripped sash provides maximum thermal efficiency due to positive closing.
- 6 Maintenance-Free:** Just wipe with a damp cloth keeps the vinyl looking new forever.
- 7 Ventilation:** Easy to operate crank mechanism.

- 8 Insulation:** Sealed insulation glass provides the energy saving that saves you money.
